Northwind Facilities: supplier onboarding checklist

This checklist applies to every new supplier of Northwind Facilities. Procurement keeps it, and Accounts Payable follows it before any payment is made.

Before the first payment

1. The supplier signs the Northwind supplier agreement, version 4.2.
2. Accounts Payable confirms the supplier's bank details by calling a number taken from the supplier's own website, never one given in an email.
3. The supplier sends a certificate of public liability insurance of at least £5 million.
4. Procurement screens the supplier against the sanctions list and records the result.
5. Every invoice quotes a Northwind purchase order number.

Northwind pays a new supplier's first invoice only after all five steps are complete, and on 30-day terms from the date the invoice is received.
